Important information that can save you money!

What is the Dental Health Alliance® preferred provider organization?

Dental Health Alliance (DHA®) is an option in your dental plan that can save you money every time you visit the dentist. All of the dentists who participate in the DHA PPO have agreed to discount their fees by up to 30% .

Sample Cost Savings Example*:

	Visit to Network Dentist	Visit to Non-Network Dentist
Normal Charge for Crown	\$862	\$862
Minus DHA Discount	30%	NA
Actual Fee	\$603	\$862
Insurance Pays 50%	\$302	\$431
You Pay	\$301	\$431
Savings from using DHA	\$130	NA

*Savings may differ in cases where deductibles apply.

In addition to these provider discounts, your dental plan may pay higher benefits when you're treated by a participating dentist. To determine if the higher benefits apply to you, please review your certificate booklet, contact your HR department, or call Assurant Employee Benefits at the toll-free number on your dental ID card.

To receive these savings, you have to use a DHA dentist.

How do I find a DHA dentist?

It's easy to locate participating general dentists and specialists in your area. You have these options:

- Use the list in this directory for a general idea of the provider panel. For more current information, we urge you to consider the next two options.
- Visit Assurant Employee Benefits' web site at www.assurantemployeebenefits.com. Select the "For Members" tab, choose "Find a Dentist" and follow the instructions. Make sure you pick "DHA" so your search is based on the correct group of dentists. Provider information on this site is more current than that in the directory.
- Call Assurant Employee Benefits at 800.442.7742.

What if I have special telephone requirements?

If you are more comfortable speaking a language other than English, we can still assist you with a customized telephone referral. We use a translation service whose interpreters are fluent in over 140 languages. Call the number above to use this service.

What if I need to see a specialist?

Even if you do not receive general dentistry care from a DHA dentist, you are welcome to use a DHA specialist. In most areas you will have a wide selection of DHA specialists from which to choose. All participating specialists have agreed to discount their fees by up to 30%.

Your company may or may not offer orthodontic coverage. Either way, you are entitled to discounted fees whenever you seek treatment from a DHA orthodontist .

How do I schedule an appointment with a DHA dentist?

You and each of your eligible dependents should select a participating dentist. Then call the dental office and make an appointment. When scheduling an appointment, always identify yourself as a DHA member. This will ensure you receive the proper discounts.

When you go to the dentist, remember to bring your Assurant Employee Benefits/DHA ID card to verify eligibility. We also strongly advise you to confirm with the dental office that you will be seen by the dentists that you chose. You must receive treatment from a DHA dentist to qualify for the discounts.

REMEMBER...

- **You** always decide which dentist to use. You are never "locked in" to a dentist.
- Choosing a DHA dentist will save you money. You can use a non-participating dentist, but you won't receive the discounts.
- Call us at 800.442.7742 for a customized referral or other special services.
- Always identify yourself as a DHA member when scheduling an appointment or visiting the dentist. Also confirm the dentist's continued participation in the PPO prior to treatment.

Every effort has been made to print this directory as accurately as possible. However, the provider information contained here is subject to change without notice and cannot be guaranteed.
